## Heart to Heart...

It seems more and more people are buying into the theory of evolution. Let me say, evolution does not explain how man got here! Harold J. Morowitz, a Yale professor, estimated that the simplest life-form about which the evolutionists theorize would have to have at least 239 protein molecules (containing left-handed amino acids). The chances of one of those protein molecules being randomly produced are 1 chance in 10 to the power of 287. Let me put it this way, that is a 10 with 287 zeros after it! To get a set of protein molecules essential to the life theoretical organism is 1 chance in 10 to the power of 119,879. We are speaking of 10 with 119,879 zeros after it! Evolution is a lot of talk about nothing! Evolutionists say "chance" is the creator. If "chance" is our creator, then "purpose" is a fool's word!! Evolution is the devil's idea placed in man's world that wants to leave God out.

The word of the living and true God says the Almighty is the Creator. Man exists because God acted in love and created us for an everlasting and loving union with Himself. God's love is seen in creating us. Man was not created with animal life but in the very image of God. Our very being is created with dignity and high honor. To be created in the image of God (Genesis 1:26-27) shows the heart that God has for man. All that God is was given to man from the beginning. God walked with man in the garden. Man's Creator and Life Sustainer was spending time talking and extending His fellowship. But something happened and it wasn't from God. The devil stepped in and man loved wickedness more than his Creator.

God started over, but not with creation. God came to man's sin-filled world in the person of Jesus. From the birth to His death, man in his wickedness rejected his Creator (John 1:10-11). Jesus lived to die! His dying was the only way to reconcile His creation back into fellowship with the Almighty. Fellowship was extended and God wants to dwell with us. Those who come to their Creator through Jesus find peace and joy. Those who continue their rejection find their minds and hearts darkened, serving the devil. And the result of that, living without God and the theory of evolution! Think about it!!!
